

Employee benefits built for today's economic reality

Hapi is a mobile-first employee benefits and wellbeing platform that brings together discounts, benefits, and wellbeing tools – all in one seamless app. **It's everything your people need, delivered simply.**

What's included:

Discounts and Financial Wellbeing

Everyday savings and tools to help ease financial stress.

24/7 OnlineGP and Mental Health Support

Always-available care for your team's physical and emotional wellbeing.

Staff Recognition and Engagement Tools

Celebrate great work and build a more connected, motivated workforce.

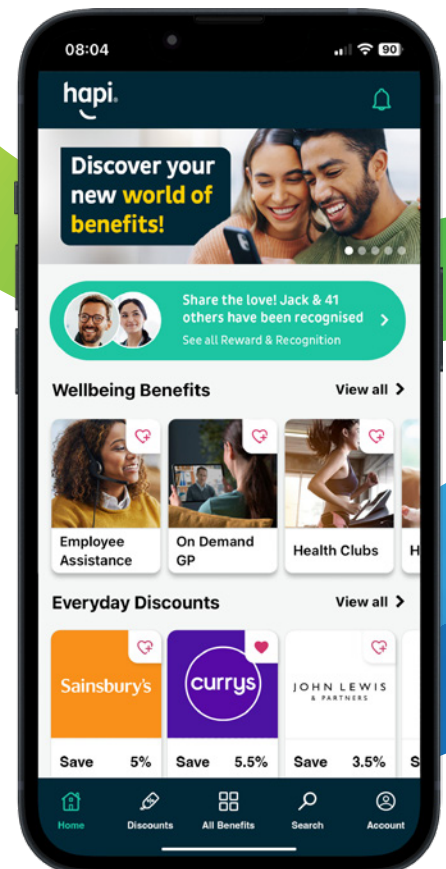

Hospital, Recovery and Death Cash Plans

Employee-paid insurance through PG Protect – providing peace of mind at no cost to your business.

Zero Admin, Easy Setup

Dedicated implementation and account managers ensure a smooth start and stress-free experience.

30-day rolling contracts. No setup fees. Easy to launch

With Hapi's new 30-day rolling contract and no setup fees, you can deliver meaningful support without stretching your budget. Because when times are tough, practical benefits matter most.

SUCCESS STORY

Real Results in the SME Sector

With just 17 users (13 staff + 4 household partners), Wright & Co. achieved 100% activation and £600+ in collective savings during their trial – proving that even small teams can generate meaningful returns.

Their consultant Gerry praised the ease of embedding the platform and the value of having a dedicated account manager to drive adoption and savings.

100% Activation | £600 Saved

How we're different

- Rapid onboarding with hands-on support.
- Built for SMEs with flexibility and affordability at the core.
- High employee adoption and proven ROI.
- One platform for benefits, wellbeing and protection.

Why you need it

- Rising costs mean employees need more everyday support.
- Talent is harder to attract and keep – benefits play a critical role.
- Wellbeing impacts productivity, attendance and morale.
- SMEs deserve access to tools typically reserved for larger businesses.
